

KOC
CONSTRUCTION

ABOUT OUR COMPANY

The First foundation of KOC GROUP COMPANY combining almost 50 years professional experience with its futuristic investments and reinforcing its highly qualified proficiency level with its staff was initiated in 1969 under the name of UNLIMITED POWER COMPANY in Istanbul. Since the year 2018, KOC GROUP joined with KOC GROUP COMPAN has fortified its sectoral effects and has been successful with its prospective planning process, effective management systems, and technological development and is still operating under a highly qualified and motivated environment in both national and international businesses.

AIMING LONG TERM BUSINESS PARTNERSHIP

In this competitive working environment, we are aiming to meet each requirements of our customers as well as overcome our limits with each experiences with our high-tech engineering and knowledge, capacity and experiences accumulated over the years , our customer-oriented working style, flexible administrative approach and proven management procedures as well as our flawless experience constructed with idea of highly-qualified performance.

WE ARE HERE TO ACQUIRE THE BEST IN FUTURE

Koc Group Company as Pioneer creating a value in the sector is designing its business with an intention of using the natural resources productively, protecting and respecting the environment as our duty, pioneering the embracement of these values by the next generations , managing the environmental effects caused by the sector after their detection and complying with the work safety, environment and quality policies in our projects in line with the national and international laws, legislations and regulations.

OUR AIM IS NOT ONLY MEET REQUIREMENTS BUT GO BEYOND

Koc Group Company takes care of and embracing your projects as its own by realizing Turnkey Construction, Mechanical and Electrical system applications successfully within lost of qualified international and national projects including in our major activities. We are aiming to be the one and only undertaking company in turnkey construction projects. We are planning to support your achievement together hand in hand.
